

Flatsub 8.2 - New active subwoofer 8", svart

The **Flatsub 8.2** is a new unique active sub replacing Flatsub 8. It is designed to hang on a wall, but can also be placed on the floor, for example under a sofa.

A small giant, a big bass sound in a small box.

The Flatsub 8.2 matches all DLS speakers superbly. Thanks to the variable volume level, the the low-pass filter along with the phase shift control, you can adapt it to any listening environment and any speaker setup.

- Built-in digital 250 Watt amplifier.
- BASS EQ filter giving +4 dB @ 40 Hz.
- RCA line out for easy connection to more subwoofers

Both a white and a black front grille is included.

Adjustable wall bracket!

By moving the bracket on the back of the subwoofer, it can be hung horizontally or vertically.
