Screen assembly

1) Use screws (c) to mount the assembly mount (b) to the sides of the screen (a) on the wall (Fig. 1) or ceiling (Fig. 2)
Fig. 1a

Fig. 1b

2) Drill openings Ø10 for rawlplugs (d) as indicated in column L4 on the Dimensions table where the screen is to be assembled (wall or ceiling). Position screen on the openings and mount with the use of screws (d, e, f) (Figures 2a and 2b).

IMPORTANT !!! The mounting plugs provided with the product can be used only on walls/ceilings made of solid materials (e.g. concrete, aerated concrete, etc.). If the screen is to be mounted onto a different material the person installing the screen should select adequate mounting plugs.

IMPORTANT !!! Screen assembly should be carried out by a qualified electrician.

Maintenance and cleaning

Use a moist cloth to clean the screen (do not use any active detergents). Protect the screen from water and other environmental factors. Carefully remove excess moisture after cleaning.

Dimensions

Base [cm]	Casing			Drilling distances
	L1 [mm]	L2 [mm]	L3 [mm]	L4 [mm]
180	1860	1912	1834	1888
